

## Hip X-ray Guideline

**Routine:** 2 views

- AP full pelvis
- LATERAL “Frog-leg”

**Optional view (Dunn View see pelvis section)**

**Surgery/Orthopedic follow-up:** 2 views

- AP hip
- TRUE LATERAL (Axiolateral) cross-table
- Be sure to include entire surgical appliance on both views.
- Only time to do 2v Hip is for orthopedic follow-up or ordered by an Orthopedist
