

This form is used in the event of a loss in connectivity between MRG and BMC facilities. In accordance with BMC Down Time policy the local Radiologist will provide emergent imaging review, writing their impression on this form. The form will be scanned into PACS when connectivity resumes by BMC Radiology for review when final report is provided by MRG.

**BMC Down Time Preliminary Radiology Report from ED For Assistance Call: 541-618-5800**

**Exam Information:** *note-must include name of patient, exam type, exam accession number and imaging site*
